Govindudu Andarivadele is a tale of two brothers separated since childhood, who are reunited several years later under different circumstances. The elder brother tries to help the younger one to win the affection of a girl by falsely claiming that he will marry her. The younger brother is eventually caught and has to flee from home. After several misadventures, the younger brother becomes rich. He returns to his village with two unlikely companions - his former jailor and a girl he has fallen in love with. The story then picks up where it left off, but this time with the elder brother trying to stop his younger brother's scheme.

The movie is about an upcoming starlet who believes in the superstition of staying away from other people during her menstrual period. She tries repeatedly to get out of her house without getting caught but fails every time. One day she sees a lizard on the footpath and believes that it is an omen for her parents' death, so she decides to stay at home permanently. But fate has different plans for her. The movie is about a girl who believes in superstitions and believes that staying away from people during her menstruation will bring her good luck. She tries to run away from home without getting caught but fails every time. One day she sees a lizard on the footpath and believes that it is an omen for her parents' death, so she decides to stay at home permanently. But fate has different plans for her.

This movie is about a group of college mates who believe in superstitions and, as a result, they do not go out of their house during their menstruation days.
